NO TIME TO WASTE

The integrated project LIFE-IP CEI-Greece “Circular Economy Implementation in Greece”

aims to promote a new concept for waste management; based on circular economy principles, promoting behavioral changes and supporting actions to increase product life cycle, convert waste into valuable resources and implement successfully the legislative framework for waste.

2019

PROJECT OBJECTIVES

The project aims to contribute towards:

1

The National Waste Management Plan

2

The National Waste Prevention Plan

3

The National Strategy for Circular Economy

2027

no time to waste

PROJECT DURATION

01/11/2019 – 31/10/2027
(8 years)

BUDGET

15,934,810 €

CO-FUNDING

EU: 9,560,739 € - 60%

PROJECT PARTNERS

The project is coordinated by the Ministry of Environment & Energy and implemented in cooperation with 18 strategic partners.

OBJECTIVES OF LIFE-IP CEI-GREECE

Actions to promote the practical implementation of waste hierarchy in 9 Municipalities and 1 Region.

Actions for the prevention of food waste production.

Enhance the use of economic instruments and developing standards for secondary materials to support the implementation of CE.

Development of local/regional alliances for agro-food waste management in the context of CE.

OBJECTIVES OF LIFE-IP CEI-GREECE

Establishing a knowledge base for the monitoring of CE, particularly in waste management.

Stakeholder and audience engagement in the concept of CE and its relevance to waste management.

Mobilization of Complementary Funding for the effective implementation of the National Waste Management Plan.

Dissemination of project results and supporting their transfer and implementation in other areas.

PILOT ACTIONS OF LIFE-IP CEI-GREECE

PILOT AREAS

Urban Municipalities

(Athens, Thessaloniki, Vari-Voula-Vouliagmeni)

Insular Municipalities

(Tinos, Alonissos, Thira, Paros, Antiparos)

Mountainous Municipality

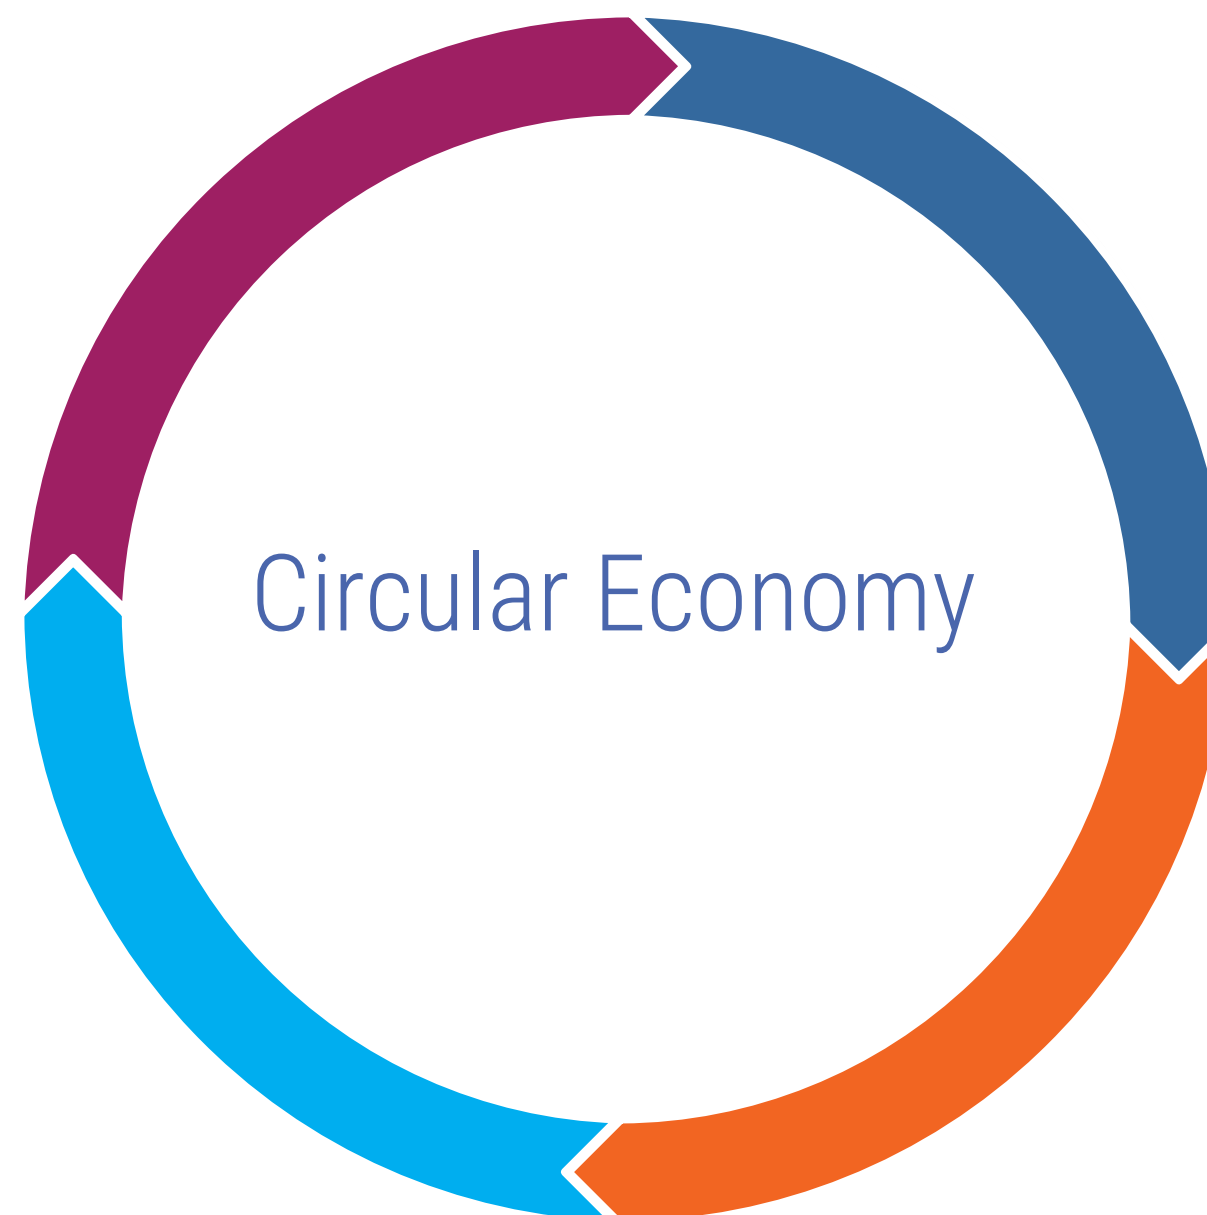

(Nafpaktia)

Region

(Western Macedonia)

WASTE STREAMS

- Materials with considerable circular potential
- Waste types with specific targets set by the legislative framework.
- Hazardous Household Waste
- Food Waste
- Agro-food waste

INSTRUMENTS

- Integrated waste management systems in the context of CE
- Infrastructure for reuse preparation and separate collection.
- Economic instruments (Pay as you throw)
- Local/Regional Alliances
- Voluntary Agreements
- Information, Awareness and training.

Inaugural Event

KICK OFF MEETING

The Kick-Off meeting of LIFE-IP CEI-Greece took place on-line on Friday 20 May 2020, with the presence of all project teams - from the Ministry of Environment & Energy (Coordinator) and its 18 strategic partners (Co-Beneficiaries). The Minister of Environment & Energy, Mr. Kostis Chatzidakis opened the event with a welcoming speech. Greeting speeches followed by the General Secretary for the Coordination of Waste Management, Mr. Manolis Grafakos, the President of Green Fund, Mr. Efstathios Stathopoulos and the Head of the Directorate of Waste Management - MEEN, Ms. Anastasia Arfanakou. A number of presentations followed with regard to the management structures of the project, communication and financial management guidelines and finally an overview of the actions.

Our Starting Point

REVIEW OF CIRCULAR ECONOMY INDICATORS

STAKEHOLDER MAPPING

PUBLIC OPINION SURVEY

The new ten-year National Waste Management Plan

The NWMP has been updated, with time scope until 2030, and ratified with the cabinet act (ΠΥΣ 39, ΦΕΚ, Α' 185, 29/9/2020).
