#### **1<sup>st</sup> LIFE-IP CEI-Greece Conference Proceedings**

Beneficiaries Responsible: MEEN, NECCA

#### **Summary**

The Deliverable E1.D18 “1<sup>st</sup> LIFE-IP CEI Greece Conference Proceedings” compiles a synopsis of the presentations of the Inaugurating conference of LIFE-IP CEI-Greece that took place on-line on January, 21 2021. The 1<sup>st</sup> conference of LIFE-IP CEI-Greece addressed all stakeholders that are involved in the transition of Greece towards a Circular Economy and was completed with great success.

The topics of the conference included presentations of the LIFE-IP CEI-Greece demonstration actions in 9 municipalities and 1 region, in order to promote: the implementation of waste hierarchy, actions on food waste prevention and circular management of agro-food waste, actions for the establishment of standards for secondary materials, an electronic repository for the exchange of knowledge, a national observatory for Circular Economy and finally, actions for the development of economic and financial instruments as well as capacity building.

The conference presentations were enriched with guest speakers that focused upon a number of current projects related to CE as well as the presentation of Ms Marline Weber, Head of Legal and European Affairs at the National Circular Economy Institute of France.
