C3.D8: HHW Monitoring Report for the Municipality of Athens - 2024

Executive Summary

In the context of this specific Sub-Action, a collection network was developed based on the available data, special needs, and spatial and social characteristics of the Municipality of Athens, as described during the implementation of the preparatory action A.2.4.

The report is prepared in order to monitor the implementation of the Plan and in case of problems or deviations from the initial planning, corrective actions will be indicated.

The Structure of the Report includes:

- The geographical region covered by the system.
- The description of the hazardous household waste collection and management system, including its
 - o characteristics,
 - o categories,
 - o methods, and means of collection, transportation, and storage.
- The quantities collected during the reporting period.
- The evaluation of effectiveness.
- The problems and challenges.
- The proposals and recommendations for improvement.
