

Executive Summary

Alliances are formulated at local and/or regional level with the aim of promoting voluntary agreements for the valorization of waste from the agri-food sector, based on Circular Economy's principles, aiming at the transformation of waste into value-added products and recognizing biodegradable waste as a stream with high potential for circularity of agriculture and agro-industry.

This report includes the actions that have been carried out for the implementation of action C5 - Development of local/regional alliances for the management of agri-food waste from the start of the action (M30) to December 2023 (M50). The report presents the methodological approach and the road map for the implementation of the action as well as the produced results of the project within this period of time.

Executive Summary

Alliances are formulated at local and/or regional level with the aim of promoting voluntary agreements for the valorization of waste from the agri-food sector, based on Circular Economy's principles, aiming at the transformation of waste into value-added products and recognizing biodegradable waste as a stream with high potential for circularity of agriculture and agro-industry.
