Deliverable E2.D4

Proceedings of the workshop on Separate collection and management
of Household Hazardous waste

Executive Summary

The deliverable E2.D4 presents a description of the proceedings of the workshop on “Separate collection and management of Household Hazardous Waste (HHW)”, which was conducted on Monday 10th of November 2025 10.00-12.30 (Eastern European Time (EET)) and its purpose was to highlight both the current situation and challenges in the management of HHW in Greece, as well as good international practices that can serve as a guide for local authorities and waste management bodies. Experts in the field of HHW and authorities from Greece and Cyprus participated as speakers in the workshop. The Workshop was attended by 135 people with whom there was a discussion between them and the speakers at the end of it.
